

1530

FRISIUS: determination of longitude
by clock time.

1530

"SAXONY" flax wheel in NUREMBERG

1530-1565
16th century

Epidemics of venereal disease in Europe. Serious efforts began to be made to control prostitution.

Brothels were closed throughout Western and Central Europe 1530-1565 and stricter punishment was meted out to those engaged in the trade. When these measures proved unsuccessful and venereal disease

continued to Claim Thousands of victims
many Cities began to institute even
stricter Controls

1530

FRI SIU'S : determination of
longitude by clock time

AD 1530 \Rightarrow AD 1850

Little Ice Age

1530AD

Further cooling ushered in the
Little Ice Age around AD 15-30.
